### Tracer

This example of the Beneteau 650 is the cleanest I've seen having been looked after fastidiously. Previously coded but lightly used for survey work, she is well equipped with Simrad radar and gps and Icom VHF. Powered by a Suzuki 115hp Silver Edition outboard she cruises easily around 22 knots with a top speed in the region of 30 knots. Trim tabs aid stability.

Small cabin with sink, sea toilet, pressurised cold water and berths for 2. An inverter converts 12v to 230v..

'Tracer' is a great stable platform for angling or will make weekend marina stays possible.
